Reporting & Analysis	Balance Sheet Reconciliation · Variance Analysis · Budgeting & Forecasting · Financial Reporting · Internal Controls · Audit Compliance · Expected Credit Loss (ECL) Modelling · Working Capital Management · KPI Dashboards
Systems & Tools	SAP ERP (FI/AR) · QuickBooks Online · MYOB · Tally ERP · Advanced MS Excel (Pivots, VLOOKUP, INDEX/MATCH, SUMIFS, dashboards) · SharePoint · Google Apps Script
Standards & Certs	IFRS (incl. IFRS 9 ECL, IFRS 15, IAS 1, IAS 7) · Indian GAAP awareness · Internal Controls · AI for Finance Professionals (2026) · QuickBooks Online Best Practices (2025) · Project Management — Harvard Business School Online (2022)

PROFESSIONAL EXPERIENCE

Accounts Analyst | Thermax Controls — Bengaluru, India Aug 2022 – Mar 2025

★ **PROMOTED: Junior Accounts Analyst** (Aug 2022 – Aug 2023) → **Accounts Analyst** (Sep 2024 – Mar 2025)

following MSc completion at Cardiff University, UK

- Managed **end-to-end Accounts Receivable** across **50+ B2B client accounts** — invoicing, cash application, collections, dispute resolution, and reconciliation — maintaining **98% balance sheet reconciliation accuracy** and recovering **INR 10 Lakhs** in outstanding receivables.
- Owned **100+ General Ledger accounts** through month-end close — delivering **20% improvement in reporting accuracy, 18% reduction in audit discrepancies**, and **99% audit compliance** through internal controls design.
- Led **budgeting, forecasting, and variance analysis** — improving planning accuracy by 10% and identifying **INR 8 Lakhs** in annual cost savings; implemented risk-weighted AR monitoring via four-tier aging analysis (0–30 / 31–60 / 61–90 / 90+ days).

Finance Analyst | Accenture Solutions Pvt. Ltd. — Bengaluru, India Jul 2021 – Jul 2022

Global consulting & managed finance services · Finance Operations vertical

- Delivered **Order-to-Cash (O2C) operations in SAP ERP** across **50+ client and vendor accounts** — drove a **15% reduction in overdue invoices** through disciplined credit control, billing, cash application, and structured collections follow-up.
- Built **advanced Excel dashboards integrated with SAP and SharePoint** — boosting operational reporting efficiency by **25%**; resolved disputes, validated short-payments, and ensured timely revenue capture across the AR portfolio.
- ★ **MOST PROUD OF** — Four formal Accenture awards: **Star of the Business** (Sep 2021), **Star of the Month** (Nov 2021), **Best Performer** (Apr 2022), and **Ideas Implementation** (Jan 2022) — for sustained operational excellence, stakeholder management, and process-improvement impact.

KEY PROJECTS

AR & Collections Dashboard (2026): Built a fully dynamic Excel model of a **\$253K simulated receivables portfolio** with risk-weighted **Expected Credit Loss (ECL) framework** across four aging buckets — aligned with **IFRS 9 ECL principles**; tracked Collection Rate (50.4%), ECL (\$16,500 projected), and debtor concentration (top 5 = 51.5% of exposure). Zero hardcoded values.

Personal Finance Automation System (2026): 7-sheet integrated finance model with **Google Apps Script automation** — regex-based merchant categorisation across 14 categories, weekly scheduled review email digests; demonstrates transferable automation thinking for institutional finance workflows.

EDUCATION

MSc Sustainable Supply Chain Management · Cardiff University, United Kingdom 2023 – 2024

Bachelor of Commerce (Accounting & Finance) · Bangalore University, India 2017 – 2020
